

CORRECTIONAL/SECURITY SUB-STATION

XRS-101SCS

DESCRIPTION

The XRS-101 SCS security loudspeaking station is designed to withstand damage caused by abuse, moisture, corrosion, dust, vibration, and temperature extremes from +150 to -30 degrees F. The station is available in a (1) watt configuration, with a call origination pushbutton, and a faceplate with an attached cone speaker. The (8) ohm speaker is water and fungus resistant and also functions as a microphone to provide remote station communication, when included in a centrally located master control system. The heavy-duty call origination switch is momentary action with contacts that are rated at (3) amps., and is mounted semi-flush to the plate for added security. The station is available with (1) watt speakers, 25 volt transformers, and 4-1/2" SQ faceplates.

FEATURES

1. Damage resistant intercom and paging loudspeakers for indoor or outdoor installation, providing protected high intelligibility communication.
2. Durable mar-resistant 11 gauge stainless steel faceplate.
3. Vandal-resistant, weather-resistant call switch.
4. Environmentally resistant cone speaker.
5. Mounting hardware (included).

APPLICATIONS

- CORRECTIONAL INSTITUTIONS
- PARKING STRUCTURES
- BUILDING STAIRWAYS AND HALLWAYS
- SCHOOLS AND UNIVERSITIES
- HOSPITAL ACCESS POINTS

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The indoor and/or outdoor intercom sub-station shall be a TOA model XRS-101SCS, or approved equal. The station shall be comprised of an (8) ohm water and fungus resistant cone speaker, mounted on an 11 GA. stainless steel plate. The driver shall function as a microphone with a minimum sensitivity of -26 dBm. The station equipped with a call switch shall include a tamper-resistant, weather-resistant, flush-mounted, momentary action pushbutton switch with a contact rating of (3) amps. The station shall have a power rating of (1) watt with a frequency response of 400-4K Hz. The assembly shall include a 25 volt transformer with 1, 1/2 watt taps. The station shall mount with #6-32 flathead, tamper-resistant screws.
