

## ADSAB, Algoma Region, ON

Algoma District Services Administration Board (ADSAB) was created by the Province to deliver specified programs in the ADSAB jurisdiction-Algoma Region. Programs such as Social Services Programs, Children's Services (Child Care and Early Years Act), Housing Services (Housing Services Act)

## Products Used

- TS-920RC Conference System Central Unit
- TS-921 Conference System Chairman Unit
- TS-922 Conference System Delegate Unit
- TS-924 Conference System Long Microphone Unit
- TS-905 TS-905 Infrared Transmitter/Receiver

## Purpose

After reviewing their current conference system, the Algoma District Services Administration Board (ADSAB) made the decision to replace the aging system with a new, modern and secure system.

## Challenges

The Admin office needed a new system that would be more flexible and have voting features and fall within their budget. Members looked for a wireless system to avoid all the cabling hassles and a system that was secure. The sleek design and high performance in sound and voice clarity was an obvious requirement..

## Solution

Options were varied from different manufacturers, and in the end the council chose TOA Canada's new TS-920 Infrared conference system. The TS-920 delivered on the voting need, and the infrared technology kept the conversations with the room. The system is wireless and has an extremely modern look. The TS-920 provide all other features and benefits essential for the admin board members.

## Feedback

"System is working like a charm" as one member put it. The board members appreciate the new system and our very happy with its ease of use.
