

## Bay D'Espoir School, St. Albans, NL

Bay d'Espoir Academy is a K-Level 4 school situated on the South Coast of NL. They have a school population of approximately 211 students and 28 teachers and support staff. This school opened in 2021 and was the result of combining two other school student bodies.

## Products Used

- HX-5B Compact Line Array Speaker
- DA-250FH Multichannel Power Amplifier
- M-864D Digital Stereo Mixer
- IR-800 Classroom Voicelift System

## Purpose

This was a new build for the community, and a sound system and classroom voice enhancement system were required. An intelligible system was necessary in the gymnasium for all staff and students.

## Challenge

No real challenge during the install process. TOA work closely with the engineers' when planning and designing the system.

## Solution

TOA recommended the very popular IR-800 classroom voice lift kit which has proven to enhance student learning with the wide dispersion speaker and reliable teacher and student microphone. In the gymnasium the powerful HX-5 compact array speakers in combination with the M-864D DSP deliver the clarity the school expected.

## Feedback

Once the school opened and staff was able to utilize the equipment, they found the systems provided the clarity and engagement of students they expected.
