

Commission scolaire des Draveurs, Gatineau, QC

The Commission Scolaire des Draveurs is one of four public Francophone school boards operating in the Outaouais region, Quebec. The school board was created in 1986 in the old city of Gatineau.

Products Used

- N-8000: IP Intercom
- BG-2240D-AM: Mixer Amplifier
- DA-500F-HL: Multichannel Power Amplifier
- F-2000BT: Wide-dispersion Speaker
- PC-580RU Series: Ceiling Mount
- SC-630T SC Series: Paging Horns (IP 65 certified)

Purpose

Commission Scolaire des Draveurs in Gatineau, Quebec was looking for a solution to have public address and communications between multiple buildings. The system needed to be reliable, and intelligible.

Challenge

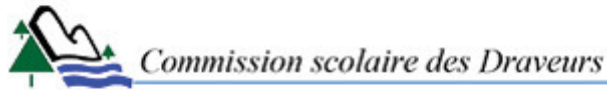

To create an effective system that is capable of communicating throughout the entire facility within one building and across multiple buildings.

Solution

Combined TOA's IP Intercom system, which works over a LAN or WAN to communicate to different buildings, and TOA's public address products to deliver the message. They are using PC Series Ceiling Speakers, F-2000 Series Box speakers, alongside SC Series Paging Horns (which are ideal for paging outside the building). The paging speakers are driven by TOA's reliable BG Series Amplifiers.

Feedback

The schools within the school board are satisfied to be able to effectively communicate throughout multiple school buildings, ensuring that all staff and students receive the appropriate messages.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area. These facilities have a reputation for precision design and fabrication, resulting in a proven track record of TOA product reliability.
