

Essex Civic Center, Essex, ON

The Essex County Civic Centre, located in Essex, Ontario, is home to the Essex County Council Chambers as well as the administrative offices for Essex County Council Services.

Products Used

- TS-900 IR Series: Conference System
- 30 delegate units
- 1 chairman unit
- A-9120DHM2: Modular Digital Mixer/Amplifier
- F-1000WT: Two-way Box Speakers
- F-122C: Ceiling Speakers

Purpose

The center was in need of new conference system in the council chambers. The system had to be reliable and easy to use with a clear output.

Challenge

It was a straightforward design and install with no real challenges.

Solution

TOA suggested the TS-900 IR Series Conference System. The system is made up of 30 delegate units, controlled by 1 chairman unit. The A-9120DHM2 Modular Digital Mixer/Amplifier powers the system. The chamber was also equipped with box speakers and ceiling speakers for increased sound dispersion.

Feedback

The system is ideal for the Essex Council Chambers, as it is portable, secure (due to the IR Frequencies the TS-900 uses), providing the facility with the flexibility and privacy they require.

About TOA Canada Corporation
