Purpose

When looking for a reliable and cost effective sound solution, they turned to TOA Canada Corporation

Challenge

Designing a system that works well In various school locations like the cafeteria and gymnasium.

Solution

The SR-T5 is ideal for offering clear and well-dispersed sound in gymnasiums. The Cafeteria boasts TOA's PE-304 Pendant Speakers. These speakers are designed for ceiling suspension installations and are architecturally pleasing, blending in with the lighting equipment. The power, and easy to use mixer and amplifier, provide the school with the ability to adjust the system when needed.

Feedback

Sainte-Bernadette is happy with their sound system as it provides them with the features and functions they required, while looking great and blending into the architecture of the building.
