

Flexi-Hall, Yorkton, SK

The City of Yorkton Gallagher Centre Complex includes the Nexera Flexi Hall. Flexi-Hall is a multi-purpose facility including a curling rink, soccer field, Olympic track and swimming pool.

Products Used

- HX-5: Variable Angle Speaker
- FB-120: Subwoofer
- 700 Series: Mixer/Amplifier
- BG-M Series: Mixer/Amplifier.

Purpose

The facility required a PA System that would provide the clarity and intelligible sound needed for announcements and emergency notices. It also needed to be easy to use by employees and be within their budget.

Challenge

There were no challenges.

Solution

Working together with the install team in Yorkton, our technical team was able to design a system using the EASE Focus software that provided the right sound solution for the specific needs of the Flexi Hall. Our team's recommendation of TOA equipment provided the clarity and volume need is such a vast centre.

Feedback

The client was very satisfied with the new sound system and felt that the improvement of intelligible sound also improved the safety of everyone at the facility.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area.
