

Monsignor McCoy High School, Medicine Hat, AB

Monsignor McCoy is a Catholic High School located in Medicine Hat, Alberta. The school aims to provide the highest quality Catholic education to grades ten through twelve.

Products Used

- HX-7

Purpose

Monsignor McCoy High School required new audio speakers installed in their gymnasium. The speakers needed to provide greater sound directivity and overall quality.

Challenges

Being a large, open gymnasium used for multiple purposes, the need for sound directivity was of great importance. The other challenges with a large space included sound intelligibility and reverberation.

Solution

TOA Canada's HX-7 Line Array Speakers provided adjustability to direct audio perfectly for all types of gymnasium events. The speakers were strategically positioned to fully minimize reverberation while producing crystal clear sound.

Feedback

The faculty at Monsignor McCoy High School are ecstatic with the newly installed audio speakers. The speakers provide a more immersive audio experience while also looking great.
