Products Used

- F-122C Wide-Dispersion Ceiling Speaker
- DA-250FH Multichannel Power Amplifier
- A-9120SM2 9000M2 Series Amplifier
- SP-11N SIP Module
- H-2 2-Way Surface-Mount Speaker

Purpose

This office building in central Winnipeg, sought to enhance their audio system throughout the building. The paging system need a face lift and the old speakers needed to be replaced with high performing replacements.

Challenges

Management was very keen on arranging the system in a way that was appealingly and blended nicely to the building interior. Secondly, system control needed to be intuitive for staff to learn.

Solution

The TOA brand was selected for this project for its large equipment offering, reliability and cost effectiveness. The stylish H-series were installed throughout the office with their sleek and modern appearance. The powerful DA amplifier was used to run the speakers and the system was controlled with the flexible 9000 series matrix mixer.

Feedback

The system turned out amazing and performed beyond expectations. Management appreciated the look of the systems and how easy it was to control.
