

## Air Riderz Trampoline Park, Mississauga, ON

Air Riderz Trampoline Park is a 26,000 square foot facility of adventure and fun that includes wall-to-wall trampolines, a one-of-a-kind climb zone, slam-dunk trampoline lanes, a dodgeball court, foam pit, and so much more! There is truly something for everyone at Air Ridez.

## Products Used

- M-9000M2 - 9000M2 Series Pre-Amplifier
- DA-250F Multichannel Power Amplifier
- SO-MIX-T-24V Remote Mixer
- H-2 2-Way Surface-Mount Speaker System
- H-1 2-Way Flush-Mount Speaker System

## Purpose

A high-quality BGM system needed to be designed for the trampoline park.

## Challenge

The high ceiling and overall size of the facility created reverberation. Also, there is loud ambient noise throughout the day.

## Solution

The HS-1200BT Coaxial Array Speaker System provided exceptional directional sound perfect for music, the DP-SP3 Digital Speaker Processor provided valuable sound clarity tweaks, and the DA-500F-HL Multichannel Power Amplifier provided the power to encompass the entire room.

## Feedback

This is the second Air Riderz location to install TOA products. The customer continues to be extremely satisfied with the exceptional performance of TOA equipment.

## About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area.
