

Beth Tzedec Congregation, Calgary, AB

Beth Tzedec Congregation is a conservative synagogue located in Calgary, AB.

Products Used

- AM-1SET: Real-Time Steering Array Microphone System Set

Purpose

The synagogue needed a reliable microphone that was capable of producing clear and well balanced sound.

Challenge

The large reverberant space required better articulation and ease of use for untrained users, multiple voice sources, and singing. Another aim was to eliminate the standard podium gooseneck.

Solution

TOA Canada easily resolved all of the problems with the AM-1SET. Also, the new equipment added the benefit of limiting pattern/tracking to minimize the amount of ambient noise and optimize the sound.

Feedback

The client was extremely happy with the excellent audio quality produced by the newly installed TOA products.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area.
