Purpose

The facility's intercom system needed to be replaced with a new system that is both intelligible and reliable. Also, a door intercom had to be installed to control the entrances to the building.

Challenge

The new intercom had to be integrated with other pre-existing equipment such as speakers.

Solution

TOA's great tech team provided a large amount of assistance while working with the installers to ensure that the most effective products were correctly installed.

Feedback

The customer was very happy with the results. The system performs very well and provides the security and reliability they required.
