

Malartic Arena (Malartic Abitibi), Malartic, QC

Built in the 1950s, the Malartic Arena is an architectural peculiarity of the city, with its unique wooden structure in Quebec. Its amphitheater can accommodate up to 580 people seated.

Products Used

- DA-250F Multichannel Power Amplifier
- DA-500F-HL Multichannel Power Amplifier
- FB-150B Subwoofer System
- HS-1200BT Coaxial Array Speaker System
- HX-5B Compact Line Array Speaker System

Purpose

With full renovation taking place in the arena, they required an upgrade to their sound system. They required a system that produces more power and clarity.

Challenge

A quality audio system needed to be created that provided reliability at a reasonable price.

Solution

TOA created an effective audio system that included the HX-5 line array speakers as the main sound source. The customer had previously witnessed the performance of the HX-5 system and was thoroughly impressed; thus, closing the deal.

Feedback

The customer is very satisfied! The arena sounds fantastic with the TOA set-up, providing their visitors with a greatly enhanced experience.
