Products Used

- A-9120DHM2: 9000M2 Series Amplifier
- F-2352C: 2-Way Wide-Dispersion Ceiling Speaker
- H-1: 2-Way Flush-Mount Speaker System

Purpose

Tundra Restaurant required a new audio system to be installed. The audio system needed to produce high quality background music that is capable of elevating their customer's dining experience.

Challenge

The designer was seeking unique speakers for the newly renovated restaurant. The speakers had to minimize reverberation and maintain consistent sound quality throughout the entire restaurant.

Solution

TOA worked closely with the designer to put together a great audio system that performed well in the unique space. The H-1 speakers were a great stylish choice that suited the restaurant.

Feedback

The designer appreciated the speaker's unique design and performance.
