

Vaughan Metropolitan Centre, Vaughan, ON

The Vaughan Metropolitan Center (VMC) is one of Canada's largest master planned communities, complimented by a world-class transit system offering residents and businesses seamless connectivity throughout the Greater Toronto Area.

Products Used

- M-9000M2: 9000M2 Series Pre-Amplifier
- P-9060DH: 9000 Series Amplifier
- P-9120DH: 9000 Series Amplifier

Purpose

The VMC needed to improve their customers' experience by installing a new BGM and paging system to provide reliable and intelligible audio.

Challenge

The VMC has many different areas to consider, such as the lobby, tunnel access to transit, and elevator lobbies throughout the building; therefore, making it a bit of a challenge to ensure that the audio quality is consistent throughout.

Solution

TOA equipment granted a great amount of flexibility and integration with other equipment throughout the facility, making TOA products the perfect solution.

About TOA Canada Corporation

TOA Corporation was founded in Kobe, Japan over 80 years ago. TOA operates in over 100 countries worldwide, with manufacturing facilities found in nearly every major market area. These facilities have a reputation for precision design and fabrication, resulting in a proven track record of TOA product reliability.

TOA Canada Corporation was formed in 1990 as a complete sound solutions provider, specializing in commercial audio, including, public address, voice communications, voice evacuation and emergency paging requirements. TOA Canada offers complete solutions for all corporate and commercial audio communications and intercom security requirements.
