

Township of Uxbridge, Uxbridge, ON

Uxbridge is a township in the Regional Municipality of Durham in south-central Ontario. Uxbridge had a population of 21,556. The Council Township of Uxbridge consists of the mayor and six councilors.

Products Used

- 14 delegate units of TS-820
- WT- 5225 microphone kit

Purpose

The Township of Uxbridge required an upgrade to their council conference room. The town needed a system that delivered clear sound, allow chairperson control, and if needed, connect to a PTZ camera.

Challenges

No challenges here except meeting their needs and installing the system on time.

Solution

TOA recommended the TS-820 infrared wireless system. The flexible units allowed for diverse set up possibilities. And sound amplification was clear, and uniform sound volume. The sleek design and pyramid inspired shape was also well received.

Feedback

The conference system operation was easily adaptable to staff, and the option to scale up if required is there. City Staff were very happy with system and that their target date was met.
