

BACK CAN, WHITE

Q-HY-BC28W

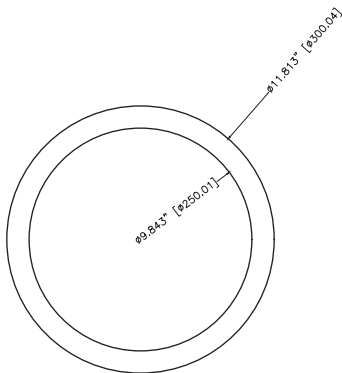

DESCRIPTION:

The Q-HY-BC28W is a white surface-mount back can that can be attached to TOA's F-2852C Wide-Dispersion Ceiling Speaker. The Q-HY-BC28W will allow the use of TOA's F-2852C ceiling speaker in a space where a common speaker/back can combinations will not fit due to depth considerations. This will allow you to surface mount the F-2852C.

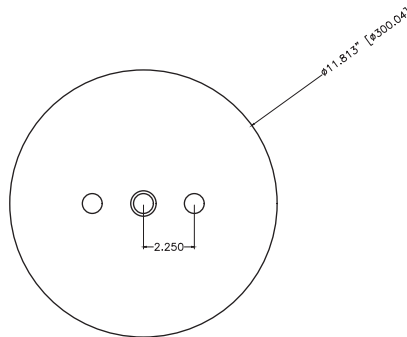

SPECIFICATIONS:

Enclosure	Commercial quality steel construction, Powder-coated white paint
Dimensions	Outer-diameter 11.813" (ø300.04), 9.843" (ø250.04) speaker mounting hole
Knockouts	Two 7/8" knock-outs with center mounting hole
